We've been listening to what appears to be a more general need amongst local professionals for a more relaxed and less committed lease agreement to accommodate the varied and flexible nature of their work lives these days. So we at Lilburn Workspace have come up with the Lilburn Lounge Lease. It's relaxed, it's flexible and it has all the benefits of working away from home in a pleasant, peaceful environment alongside like-minded people.

We can offer . . .

- 40 hours casual office space per month in our friendly, attractive workspace.
- Access to our attractive large meeting room.
- Lounge area in which to work, relax or interact with others.
- Wireless broadband included.
- Free access to our kitchen/tea/coffee.
- Access to printer with print/photocopy/fax/scan.
- Only five minutes walk to town centre.
- A very competitive, user-friendly price of \$250 + GST per month
